

We Love Our Volunteers

LifeScape serves children & adults with a wide variety of special needs.

Our volunteers help us provide the extra loving touch for the little ones when their families can't be there. For the adults we support, volunteers are special friends that bring so much sunshine into their lives. Our volunteers also help provide "behind the scenes" assistance, also vitally important to providing good care and quality services. This could include errand-running for our busy staff, some donated time for clerical work, or a pair of skilled hands for sewing, maintenance and grounds work. Groups are also welcomed at LifeScape for special activities.

Nearly Anyone Can Volunteer

To be a volunteer, you mostly need a caring heart. Here are a few other volunteer guidelines:

- You can be young or old – 12 to 112!
- You must have a need to share your energy, knowledge, and love.
- You must have a desire to learn as you help others.
- You need a few personal references.

You will be trained for your job and given an overview of the mission and operation of LifeScape. With the guidance of the Volunteer Coordinator, your time and talents will go to good use for the sake of those we support.

Here's How You Can Help!

- Baby/Young Child Cuddler
- Driver/Errand Runner
- Classroom Assistant
- Dessert & Game Night Friend
- Faith Friend (to attend worship services)
- Fishing Buddy
- Fitness Friend
- Garden Mentor
- Recreational Aide
- Sporting Event Companion
- Office/Clerical Assistant
- Surrogate Parent
- Swim Aide
- Therapy Dog

There is a great need for "behind the scenes" help, such as help with mailings or sewing. These volunteer jobs are just as important as working directly with the children and adults supported.

“Here's What Our Volunteers Say!”

Our volunteers tell us that they get so much back from volunteering – much more than they give.

- “I learned things about myself and others that I never would have learned otherwise.”
- “I will remember these people and what they've taught me for the rest of my life.”
- “Volunteering here has been a life-changing experience.”
- “It's so amazing seeing the bonds my children are forming with the kids at LifeScape.”
