### The Specialists' Advantage

An affiliation with LifeScape and our outpatient facilities located in Sioux Falls and Rapid City allow RISE Custom Solutions to provide the best possible support for clients.

Our team of experts includes certified orthotists and prosthetists, Assistive Technology Professionals, and equipment technicians – all with the specialized training and expertise to promote the highest level of functionality and independence for children and adults.

### The Product Advantage

RISE Custom Solutions is a full-service medical equipment supplier. No one in the region has more specialized equipment and supplies for individuals with special healthcare needs. The extra advantage of RISE is that we have the staff on-site to help you make best use of that equipment.
